

Finance Transformation

Explore an Advisory career within this team of 400+ professionals nationwide

What we do

We help strengthen our clients' finance functions, in turn, driving growth and adding value.

How we deliver

Working with the finance function of a client, we:

- Assess and identify areas of process, technology, and organization improvement across Finance
- Assist in developing new strategies and programs to expand capabilities
- Help shape future priorities

Where we've made an impact

For a growing consumer goods client, we developed a new operating model and designed a future-state finance organization, both intended to help support the accelerated development and encourage the business to run more efficiently. Our integrated services reduced client costs and produced a significant savings.

Who we hire

Candidates pursuing a bachelor's or master's degree in accounting, finance, business administration, or economics

Ways we work

We work in a fast-paced team setting with significant opportunities to travel on-site to client locations.

Finance leaders face constant pressure to drive the business forward. With our tools and insights, we can help them.
