

New career possibilities.

A better audit experience.

KPMG is committed to values-driven action

So that our people do not merely have a place to work, but a place to thrive.

KPMG recognizes the value behind our audit professionals and the value each person brings to the audit practice and to the companies we audit.

We are focused on empowering our audit professionals and providing them with a fulfilling and dynamic career characterized by continuous learning, innovation and opportunities.

KPMG is committed to active, collaborative learning, giving our professionals the opportunities to try out new skills and receive real-time coaching. [KPMG Lakehouse](#) is the firm's state-of-the-art training facility where you will become an auditor fluent in technology, with the ability to grow your industry knowledge to be a part of a better audit experience.

Note: We have been unable to use KPMG Lakehouse as a site for in-person learning due to COVID-19. In 2020 we leveraged technology and innovation to recreate the in-person experience virtually through engaging remote options, and look forward to reopening KPMG Lakehouse as soon as possible.
